

The PSU 0127 satellite is for Pre-diluted chemicals (PDC) and must be supplied via FOAMICO Mixing Station. (See PAGE 53) And for pressurized water via FOAMICOS Booster program.

PSU 0127 satellite are available in 4 standard versions.

For easy installation, we highly recommend our installation kit, which also include a pipe strainer. (See PAGE 66)

Technical Data

Water:	Unit	PSU 0127 for PDC
Min./max. inlet pressure	Bar	5/27
Max. water consumption	L/min.	60
Pipe dimension inlet	Inch	½"
Pre-Diluted Chemicals:		
Min./max. inlet pressure	Bar	6/8
Max. Pre-Diluted Chemicals	L/min.	6-8
Pipe dimension inlet	Inch	½"
Air:		
Pipe dimensions inlet	Inch	¼"
Air supply	Bar	5/10
Air consumption	L/min.	150-200
Dimensions (WxHxD)	Mm	435x510x185
Weight	Kg	12-15

One handle operation!

Optional Accessories:

- Foamico Standard hose
- Low pressure valve/low pressure gun

Item number	Description
7003313	PSU 0127-4 - Rinse/Foam/Des (Spray)
7003316	PSU 0127-7 - Rinse/Foam/Des (Foam)
7003319	PSU 0127-6 - Rinse/Foam/Des (Spray) with separate block for rinse and concentrated chemical
7003320	PSU 0127-9 - Rinse/Foam/Des (Foam) with separate block for rinse and concentrated chemical

Included Standard Accessories:

- Chemical Limiting Nozzles
- 25/30 Rinsing Nozzle – “High Impact”
- 25/30 Rinsing Lance – “High Impact”
- 50/200 Foam Nozzle
- 40/30 Disinfection Nozzle
- Nozzle holder

All nozzles are of course in stainless steel
